

Enlightened Leader Sunroom

Welcome to the Sunroom!

We are excited you have joined this conscious community! To get the most out of your membership, you are encouraged to

- Engage in the Sunroom Community room regularly- to contribute ideas, respond to posts, connect further with those with whom you resonate, and ask for help when needed from other members.
- Schedule and participate in as many live events as possible, and if you can't attend live, view the recordings. You will learn a lot and receive an energetic clearing and healing every time you participate, live or recorded.
- Participate in other Joy-Effect programs to grow in conscious leadership and support your higher-consciousness journey. As a Sunroom member you are given VIP pricing. If you have not had a free 30-minute consultation with Nancy Clairmont Carr to learn more about the many programs offered and to determine fit, [you may do so by scheduling one here](#).
- After you have had a chance to experience membership and take advantage of the benefits, we encourage you to become an annual member if you originally joined as a monthly member. Annual membership supports stronger connections, deeper learning, enhances growth in higher consciousness and accelerates transformation into optimal growth and impact all the reasons you joined originally. [Let us know if you are interested in upgrading by clicking here](#).
- Ensure your membership profile is complete and updated with current information. [You can update it at any time here](#).

Thanks again for joining Enlightened Leader Sunroom. Let us know how we can help!
